Transforming Lives

Talk to your pet parents about Hill's

GROUNDBREAKING SCIENCE CREATES GROUNDBREAKING NUTRITION

From their days as puppies and kittens to their years as senior dogs and cats, **Science is at the heart of Hill's** with biology-based nutrition unlike any other pet food brand out there. Hill's understands that **your pet's biology matters when it comes to health and what they need** to help them live a longer, healthier life.

1. Precise **nutrient balance** because too much of a specific nutrient can often be as harmful as too little. Formulated by more than 220+ veterinarians, Ph.D nutritionists and food scientists worldwide.
2. High quality raw ingredients with **no artificial flavourings, colours or preservatives**, protein derived from animals declared fit for human consumption & non GMO ingredients.
3. **Superb digestibility** and packed with energy means your pet won't need to eat as much to be satisfied – **reducing cost** and stool volume.
4. **100% satisfaction guarantee** for quality, consistency and taste, or your money back if you are not fully satisfied.
5. Recommended and **trusted by vets** worldwide because it's the very best you can do for your pet.
6. Fixed & **scientifically proven formulas** – Hill's don't simply substitute ingredients and vary formulas for cost efficiency.
7. Ingredients sourced from reputable suppliers from countries with **high quality standards**.
8. On the **frontier of food technology & innovation** with vets using Hill's products to treat conditions such as obesity, arthritis and skin conditions.
9. More than **30 quality tests on every batch** with production standards comparable with those used in human food manufacturing.
10. Unrivalled **devotion** to healthy, happy pets by taking pet healthcare as

**SCIENCE
DID THAT.**
