Gun's Choice was awarded to dog number :

2	Landenvlei Charlotte
---	----------------------

General comments on the standard of the dog's work.

Lovely to see the new group of pups coming through. Handlers will require more assistance to achieve success more so than the pups as they have all the drive and energy they will ever require.

We, the undersigned judges, hereby confirm we are satisfied that:

- This stake was run according to KUSA Schedule 5C(2) Rules and Regulations.
- The course that was set and the standard expected was appropriate for the level of this stake.
- The placings fairly represent the dogs' relative standard of work throughout this stake.

General comments on the standard of the dog's work.

Absolute pleasure to see the youngsters coming through. The handlers will need some more support to become successful. The young dogs was absolutely wonderful to watch working with loads of natural ability .

We, the undersigned judges, hereby confirm we are satisfied that:

- This stake was run according to KUSA Schedule 5C(2) Rules and Regulations.
- The course that was set and the standard expected was appropriate for the level of this stake.

General comments on the standard of the dog's work.

Unfortunately we didnt have any finishers on the day, natural drive and hunting ability of the dogs are wonderful. All the dogs excelled with the natural abilities; at this level we expect to see more of a finished dog concerning the trained abilities but this should hopefully be demonstrated in the following trials.

We, the undersigned judges, hereby confirm we are satisfied that:

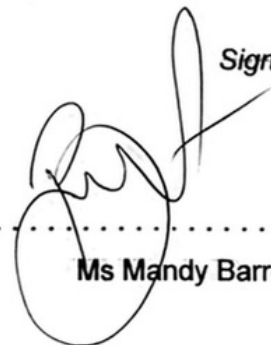

- This stake was run according to KUSA Schedule 5C(2) Rules and Regulations.
- The course that was set and the standard expected was appropriate for the level of this stake.
- The placings fairly represent the dogs' relative standard of work throughout this stake.

General comments on the standard of the dog's work.

The group of dogs showed a marked improvement compared to 2022. Being the first trial of the season a bit of "rustiness" was observed but a very positive season can be expected. Also the handlers have improved and grown in their maturity. Both handlers and dogs seemed more relaxed while competing.

We, the undersigned judges, hereby confirm we are satisfied that:

- This stake was run according to KUSA Schedule 5C(2) Rules and Regulations.
- The course that was set and the standard expected was appropriate for the level of this stake.
- The placings fairly represent the dogs' relative standard of work throughout this stake.
