CHAIRPERSON'S WELCOME

Dear Field Triallers,

It is my great pleasure to welcome you to both the Cape Field Trial Club and Kennel Association September 2022 Retriever Field Trials.

Our gratitude goes to the Harlow Family and Management of Wildekrans and to the Albertyn family of Botrivierplaas for allowing us to use their magnificent properties. I would urge all of us to respect the conditions of the farms and leave them unblemished when we depart.

There are always many people who contribute to the successful running of a Field Trial.

Firstly, I would like to thank all the officials; the judges, field trial managers, guns and throwers who will be out in the field, whatever the weather conditions, kindly giving their valuable time to support the Trials. And then also, of course, our very generous sponsors.

I would like most of all to thank my fellow Committee Members who have worked long hours to bring this all together. Obviously, there are also many Club Members who have donated, supported and helped us and, to those, I offer my sincere thanks.

And finally, thanks to the most important people of all, you the competitors. It is your participation that makes all the hard work worthwhile. Have fun, do well and may the best dog win... but remember the hugs and kisses to those that did not win!!

Best wishes,

Cornelia Naudé

A HUGE thank you to the members and Field Trial enthusiasts for their very generous donations and / or hosting and catering for officials!

Amanda de Wet, Claire McMahon, Clarissa Heyman, Cornelia Naudé, Jill Daley, Kobus le Roux, Margaret & Colin Rose, Michelle Emin, Nicole Jansen van Vuuren, Sarah Roodt.

RULES FOR THE FIELD TRIALS

1. All Handlers are personally responsible for the control of their dogs at all times and shall be personally liable for any claims that may be made in respect of injuries that may arise or be caused by their dogs. All persons attending the trials must consider themselves absolutely under the control of the Officials.
2. All dogs must be registered with KUSA before entry.
3. Bitches in season within the precincts of the Trial are forbidden.
4. Castrated dogs and spayed bitches are eligible for entry.
5. Only those dogs actually taking part in the Field Trials are allowed at the venue.
6. The Regulations relating to licensing and to all other matters to do with Field Trials as set in Schedule 3 (Championship Breed Shows) and Schedule 4 (Non-Championship Breed Shows) of the Constitution of the Kennel Union of Southern Africa shall apply to Field Trials so far as they can be relevant to Field Trials and so far as they do not conflict with the specific terms of this Schedule 5C(1). A copy of the rules will be available at the trials.
7. Anyone on the venue at a Trial openly impugning the decision of a Judge or Judges shall render himself liable to be reported to KUSA under the provisions of KUSA Schedule 1, unless he is availing himself of Section A.10.3, of Schedule 5C(1).
8. Conditions attracting immediate disqualification are set out in Regulation 31 of Schedule 3 of KUSA Regulations for Championship Shows (with exception of clauses 31.3.4, 31.3.6 and 31.3.14).
9. If the club considers the weather and/or venue unfit for the holding of a Trial, the meeting may be held at a different venue or postponed from day to day until the end of the week, when the stakes that are not decided upon may be abandoned and the entry fees refunded, or a fresh draw may be made and a fresh date fixed for the abandoned stakes.
10. The Field Trial Committee reserves the right to change the advertised venue of the Trials if this becomes necessary due to fire, flooding, etc., at the time of the event. KUSA must be informed on the first working day after the field trials.
11. If an advertised Judge is prevented from filling his engagement for either the whole or part of the field trial, the Field Trial Committee shall have the right to appoint another Judge.
12. All dogs born on or after 1st September 2010 must have a microchip certificate.
13. Judges have the final decision. Where the Rule or Guide does not cover a particular situation, the decision will remain with the appointed Judges on the day.

LIMITATION OF LIABILITY

The Committee will exercise all reasonable care in conducting the Trials, but it must be clearly understood that, due to the nature of the sport, competitors, spectators and officials are invited to enter at their own risk and in so doing absolve the Club, Committee and Landowners from any claim whatsoever arising from loss or damage by, or to, any person or property during the course of the Trials.

Please note that in terms of Regulation 5.9 of Schedule 3 of the KUSA Constitution, as applied through Schedule 5C(1) Retrievers, the following notice to exhibitors is a requirement of the KUSA public liability insurance: *“All Exhibitors/Handlers are personally liable for any claims which may be made in respect of injuries which may arise or be caused by their dog/s”.*

NOTICE TO COMPETITORS

All competitors are expected to report to the Field Trial Manager 30 minutes prior to the start of the Trial to collect their numbers.

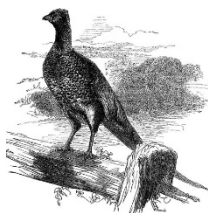

At the start of each stake, the Field Trial Manager shall call all competitors, whereupon a roll-call will be held. Any handler and dog not reporting to the line within 15 minutes of this roll-call shall be disqualified from the Stake and will not be entitled to any further participation in that Stake.

It will be practised in these Trials to summon competitors at the beginning of each retrieve to describe the nature of the work to be done. Handlers must ensure that they are present at these briefings.

These Trials are held under Schedule 5C(1) Regulations of the Kennel Union of Southern Africa.

Training of dogs on the venue is not permitted, except where designated by the Field Trial Manager.

All dogs not actually participating in a particular retrieve shall be kept on a lead whilst retrieves are in progress. Any dog which is not in line and which disrupts the work of one under Judge's orders is liable for disqualification.

VISITOR'S GUIDE TO FIELD TRIALS

Retriever field trials simulate, under competition, conditions that are similar to those encountered in a natural shooting situation.

Good marking of the position of the fall is essential in a Retriever, as he should not disturb ground unnecessarily. Judges should give full credit to a dog that goes straight to the fall, picks up and returns the game directly to hand, at a good pace.

The bird must be held firmly but gently by the dog until it is commanded to release to hand. On a marked retrieve – that is, a retrieve where the dog has seen the fall – the dog should not require handling; the more the dog is handled, the lower the points.

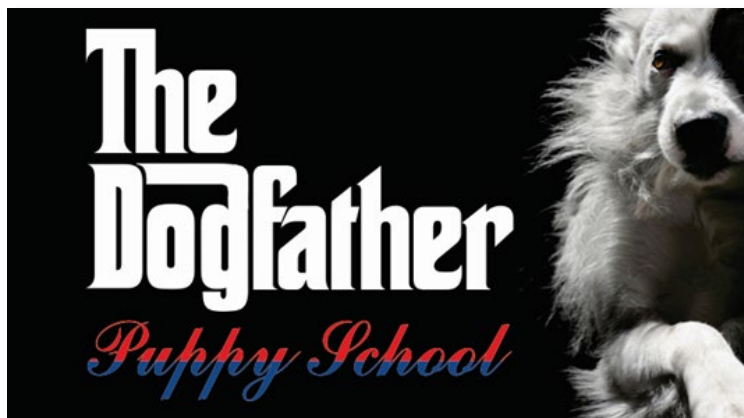

On a blind retrieve, where only the handler is given a general idea as to the position of the game, the dog that takes the line offered and requires the least handling will be awarded the highest marks.

Most importantly, dogs that show game-finding ability and use their noses effectively should be placed above those that require handling or happen to stumble upon the game.

ELIMINATING FAULTS: Hard mouth, breaking before commanded to retrieve, whining, or barking continuously, out of control, chasing other game, failure to enter water or tough cover and blinking game.

MAJOR FAULTS: Failure to find game, unsteadiness at heel, disturbing ground not related to the fall, poor control.

GOOD POINTS: Natural game-finding ability, use of nose, good marking of the fall, good control, keenness and attentiveness.

MERA®

The Petfood Family

MERA is a German, family run pet food business in its 3rd generation. We have been in production since 1949 with no product recalls in our history. All our products are manufactured and packaged in Germany and imported as a finished product.

MERA is a dog food of the highest, imported quality at an affordable price. MERA is manufactured to human food stuff standards, using ingredients sourced from within the European region. MERA is free of chemical preservatives or flavourants. and our products are
GMO free.

For more info, please visit www.meradog.co.za or contact Adrean on adrean@meradog.co.za or call 078 611 2513.

THE MAIDEN STAKE

The Maiden Stake is for Retrievers which have not been placed in a previous Novice or Open Stake nor have won two Maiden Stakes, before the date of the closing of entries for that particular Maiden Stake.

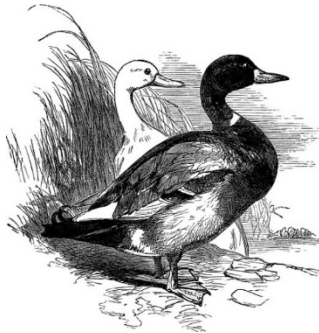

In the Maiden Stake, dogs range in ability from starter dogs that are too old for Puppy or Junior Stakes to those that are too inexperienced to be entered into Novice Stakes with any hope of finishing the course.

In the Maiden Stake, a dog is tested for all the natural abilities and some of the “trained” abilities. The natural abilities are all those quoted as for the Puppy Stake but also include courage and memory, and the “trained” abilities to be tested now are:

- Steadiness.
- Response to direction by hand and/or whistle; and
- Deliveries.

SUGGESTED CRITERIA FOR MAIDEN STAKE RETRIEVES

- Land retrieves: singles should not exceed 75 meters. Doubles: first bird not to exceed 75 meters, second bird not to exceed 60 meters.
- Water retrieves: should not exceed 50 meters (birds can fall in medium to light cover). Double water retrieves are permissible.
- Blind retrieves: should not exceed 40 meters on land. No diversionary birds or treble retrieves.
- Decoys, dongas, gullies and fences may be used as dogs should now be tested for courage.
- Walk-ups, standing marked retrieves, and standing marked retrieves with the handler in a hide, can be set. On a blind retrieve, the handler should have his dog at his side.
- Medium cover should be used, and the area of fall may be out of sight of the dog.

NOVICE STAKE DEFINITION

The Novice Stake is confined to Retrievers which have not been in an Open Stake or Championship Stake or have won two Novice Stakes before the date of the closing of entries for that particular Novice Stake.

In this stake, the dogs are being tested for all their natural abilities as well as all their taught abilities, as quoted above for the Maiden Stake.

The majority of novice dogs are those that have not yet had the experience to compete in Open Stakes on an equal footing and, in the main, require more experience before moving up.

SUGGESTED CRITERIA FOR NOVICE STAKE RETRIEVES

- Do land retrieves and blinds not exceeding 90 meters. Do water retrieves and water blinds not exceeding 70 meters.
- Be controlled in a marked retrieve, away from not too tempting diversionary birds and/or fur.
- Be controlled to a blind on land, or in water.
- Do single and double retrieves on land and in the water.
- Be steady without verbal command once under judge's orders or demonstrate obedience to quiet commands for steadiness.
- Ignore decoys.
- Hunt in light, medium and heavy cover and through any variety of obstacles.
- Pick up both fur and feather.
- The handler may be required to carry an unloaded shotgun or facsimile thereof.
- The dog may be required to sit outside a hide and be directed by the handler from within the hide.
- The stake should include 10 to 12 pickups, of which some may include simple diversions.
- At least one blind retrieve should be included.

OPEN STAKE DEFINITION

The Open Stake is Retrievers without restriction as to age or previous performance. For an Open Stake to carry championship status, the minimum number of dogs taking part in the trial shall be eight.

The difference between a novice and an open dog is control and style. Although an open dog must show all the natural abilities, the ability of the handler to direct and control the dog, especially between and/or away from diversions, will determine its success as a top open dog.

In this stake, a Judge will be looking for a dog that heels well and sits quietly until sent to retrieve. He or she will expect to observe excellent marking ability, and ability to “hold to a mark” across ditches, fences, dongas, etc. The dog must exhibit the ability to work a close area of fall at all times, even when the area of fall is out of sight. On blinds and diversions, the dog is expected to take a good line and hold to it. Should handling be required, quiet whistling and directional work, with immediate correct response from the dog is to be expected.

SUGGESTED CRITERIA FOR OPEN STAKE RETRIEVES

- Do land retrieves with blinds not exceeding 100 meters.
- Do water retrieves with blinds not exceeding 100 meters. Be controlled in a marked retrieve, away from one or more diversionary birds/fur.
- Be controlled onto a blind on land or in water, away from one or more diversionary birds/fur.
- Do single, double, triple or multiple retrieves on land and in water.
- Be steady without verbal command once under Judge’s orders, unless the Senior Judge permits limited voice control.
- Ignore decoys.
- Hunt in light, medium and heavy cover.
- Hunt through any variety of obstacles.
- The handler may be required to carry an unloaded shotgun or facsimile thereof.
- The dog may be required to sit outside a hide and be directed by the handler from within the hide.
- At all times work swiftly, quietly and efficiently.
- The Judges should set a stake of at least 10 to 12 pickups, in which control work is tested using one or more blinds on land as well as water (if possible), along with diversionary birds.

Kobus de Kock is the author of numerous books on wingshooting.

Uniquely South African in flavour, the stories range from humorous to technical and cover all aspects of the “feathered quest”.

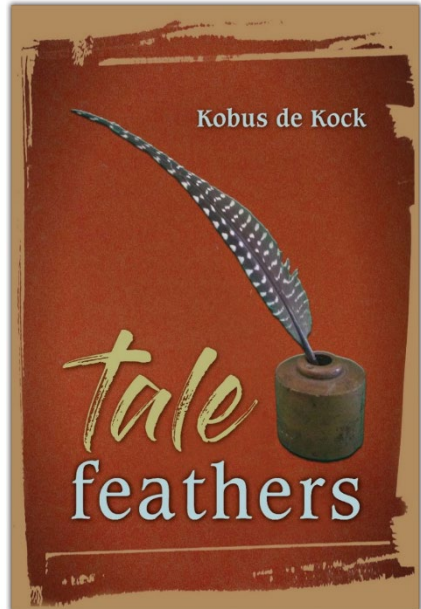

Worth a read to anybody interested in the great outdoors and the fine art of shooting on the wing.

These books are about the romance of working dogs in the wide-open veld, of being out there with a friend, of smelling gunpowder and coffee and leather in the early morning, of a bird cleanly killed and beautifully retrieved, of picking a fresh feather for your hat from the Greywing that your dog has just brought you, of listening to the gyppos' loud mouth honking coming in to land on the pan in front of you, the sun rises and sunsets, the anticipation, the excitement, the quest. And then finally, the enjoyment of eating what you have shot and gathered.

“Tale Feathers” is the writers’ fifth book on wingshooting in Southern Africa.

It chronicles a rich and fulfilling life amongst the country’s gamebirds, from hunting firsts to the eventual demise of his last beloved Springer and companion, Polka.

a twist

DOGS CUDDLE EVERYWHERE.
SO DO TICKS AND FLEAS.

Whether your dog stays inside or goes outside, there's no hiding from ticks, fleas and mites.

Fewer treatments per year makes adherence easy.

ASK US ABOUT TICK, FLEA AND MITE PROTECTION THAT LASTS!
