

Versatile Pointing Dog Club – April 26-28 Tests 2025

(Weimaraner) SHOOTING RATINGS

VERSATILE TESTS – POINTING BREEDS

Dear Nadine,

Please find herewith the list of dogs and the test titles that they earned over the testing period of April 26-28.

A total of 12 dogs were entered in the various Shooting Ratings tests. A total of 7 dogs were entered in the Versatile Tests. There were no absences.

You will find the full list of entries, classes entered and results in the additional attached documentation, but for ease of reference **below, I have only listed the tests that have been passed and the titles that should be appended to that specific dog.**

Please note that any existing Shooting Ratings titles are replaced by any higher title earned over this test period as per the instructions in the 5C(4) Schedule for Shooting Ratings.

Also note that any titles previously earned in the Versatile Tests – Pointing Breeds remain and are not replaced by any subsequent titles earned, as per the instructions in the 5C(6) Schedule.

I trust that this is clear and that all is in order. Should you have any questions, do not hesitate to contact me.

Kind regards,

Carrie Wheeler

Secretary

VPDC

(Weimaraner) SHOOTING RATINGS (Schedule 5C(4)) - RESULTS

1. BASSEFIED MOTOCICLO VESPA « VESPA » Orange Roan Italian Spinone bitch
